\*\*Please register online to receive a free 2-year warranty extension. For detailed warranty information, please contact an AVer representative.

\*\*\*Specifications may vary depending on location and are subject to change without notice.

## Bluetooth Makes Things Simple

Get rid of complicated cables. The upgraded speakerphone's Bluetooth capability makes connecting to tablets and mobile phones easy, and it keeps your conference room clean so you can make a strong impression.

## AVer SmartFrame Gets Your Meetings Started Fast

The VC540 delivers the efficiency of AVer SmartFrame to your meeting room. SmartFrame maximizes the viewable field with an auto-framing solution that quickly and effortlessly puts everyone in your meeting into frame.

## Professional Clarity with a 16X total Zoom

Enhance your communication by showing every detail precisely and smoothly. The VC540 is embedded with a 16X total zoom and multi-coated autofocus optics to present complex product details in crystal-clear quality.

## Cutting-Edge 4K Ultra HD

The VC540 uses a Sony™ high-quality sensor and multi-lens glass to provide the sharpest video possible. Also, an advanced image-processing engine allows you to display natural, vividly colored details even in challenging lighting conditions and on very low-latency networks.
