HOMNGO36WB

OmniChart **GO 36**

63 x 58 x 109 cm

3 Years
Warranty

Product compatible

With all rechargeable devices

Up to 24 VR Headsets - Headphones - Accessories

Structure

Entirely metal structure with natural air circulation, 4 swivel casters equipped with brakes and one plastic side handle for easily moving the cart where needed.

Front compartment for device storage equipped with a security lock and front panel can be opened up to 180°.

OPTIONAL

Predisposition for Cooling fans

COD. HLG FAN

Power and Charging

Rear closure panel not hinged.

Equipped with four strips of 9 sockets each and compartment for transformers placement.

Control unit for simultaneous power timing on all sockets or sequentially timed to prevent overloads.

Single 5m power cable integrated into the power control unit.

Storage and Compatibility

Three fixed shelves with 12 plastic dividers equipped with integrated cable management for housing devices in an upright position.

Removable dividers as per instruction below.

The removal of dividers allows the cart to accommodate the charging of various types of devices, including accessories such as VR headsets and headphones (for example).

Product compatible

With all rechargeable devices

In three simple steps, the dividers can be removed to adapt the Omnichart 36 charging cart to every need.

On/Off Power Button

Service socket to charge an additional device
