

B-TECH AV MOUNTS™

IDEAL FOR PORTRAIT OR LANDSCAPE INSTALLS

# BT8390-VESA800F SYSTEM X™ UNIVERSAL INTERFACE ARMS FOR XL SCREENS

SYSTEM X  
COMPONENT PART

These interface arms are designed to mount XL screens in a fixed position across one or two System X horizontal mounting rails. The universal design is compatible with a variety of different screens and allows them to be mounted in either landscape or portrait orientations. Levelling screws on each interface arm provide post installation height adjustment and a mounted depth of 64mm from the wall allows easy access for cables and connectors.

### SPECIFICATION

Recommended screen size (in landscape)	72"+
Recommended screen size (in portrait)	42"+
Max load (single rail mounting)	70kg
Max load (twin rail mounting)	200kg
VESA® & non-VESA fixings	up to 800mm* (vertical dimension)
Depth	64mm
Colour	Black

Supplied in pairs

\*The VESA specification of the BT8390-VESA800F refers to the vertical dimension only. All System X interface arms can be positioned as far along the rail as necessary.

### FEATURES

- Part of the System X range for use in a variety of applications
- Heavy duty arms capable of supporting substantial loads
- Universal design compatible with most screens
- Suitable for landscape or portrait mounting
- High-end aesthetic quality
- Can be mounted across single or dual horizontal mounting rails to suit the application
- Lateral adjustment - position arms anywhere along the length of the rail
- Includes levelling screws to adjust the screen height
- Safety screws help prevent unauthorised removal of screens
- Simple 'hook-on' installation
- All mounting hardware included

VESA 800\*  
Single Rail 70KG Dual Rail 200KG

Position arms anywhere along the length of the rail

Arms feature levelling screws to adjust the screen height

Can be mounted across single or dual horizontal mounting rails to suit the application

Compatible with the System 2 range of poles and collars for pole mounted installations
