

A Secured, Customizable and Configurable WiFi Portal

Guest WiFi has become a standard feature in many businesses where there are visitors, such as a hotel, a restaurant, a school, or a health clinic. NETGEAR Instant Captive Portal allows businesses to provide a secure guest WiFi access that

includes social media login with marketing analytics, customizable advertising, user session and bandwidth management, and activity tracking with log storage. NETGEAR Instant Captive Portal is easily configurable and customizable with

NETGEAR Insight and available on all Insight Managed Wireless Access Points. NETGEAR Instant Captive Portal helps businesses set up a professional portal with all the features of a major franchise with zero development cost.
