Desktop Arm Mount DM01 D C

Dual monitor desktop arm mount for NEC desktop displays up to 34" in size

Achieve the perfect ergonomic positioning to reduce eye, back and neck strain

The DM01 D C desktop monitor mount features two attractive height adjustable articulating arms that provide optimum ergonomics for monitors up to 34" in size. Designed for easy and fast setup, the clamp-on base allows limitless mounting options on any desktop or countertop surface.

Dual Monitor Desktop Arm Mount**Grommet Base**

Delivering Genuine Benefits

- **Health conscious adjustment** – to help reduce eye, back and neck strain, the monitor can be positioned to the perfect ergonomic setup.
- **Smooth and effortless display movement** – the simple to adjust mounting arm allows a floating display movement for perfect adjustment according to your individual needs, whatever the weight of the monitor.
- **Tidy your desk** – mount-integrated cable management ensures a clean and professional finish without a jumble of visible cables whilst freeing up valuable desk space beneath the 'floating' display.
- **Simple and universal setup** – designed to serve all NEC desktop displays up to 34" in size, it takes just a few minutes to connect the monitor, fix the clamp-on mounting base to your desk and be ready to function productively. The robust design and light weight is ideal for rental applications and mobile use.
