PD02WHA

Automatic height-adjustable wall-to-floor Mount

Wall-to-floor motorised, height-adjustable Mount for NEC Large Format Displays

The very stable design is perfect for large heavy displays and touch-sensitive displays. The motorised height adjustment ensures the user to present or interact with the display in an ergonomic position, whether very tall, short, standing up or sitting down. The design includes a storage box for e.g. mini PC, codec or laptop, easily accessed from the front.

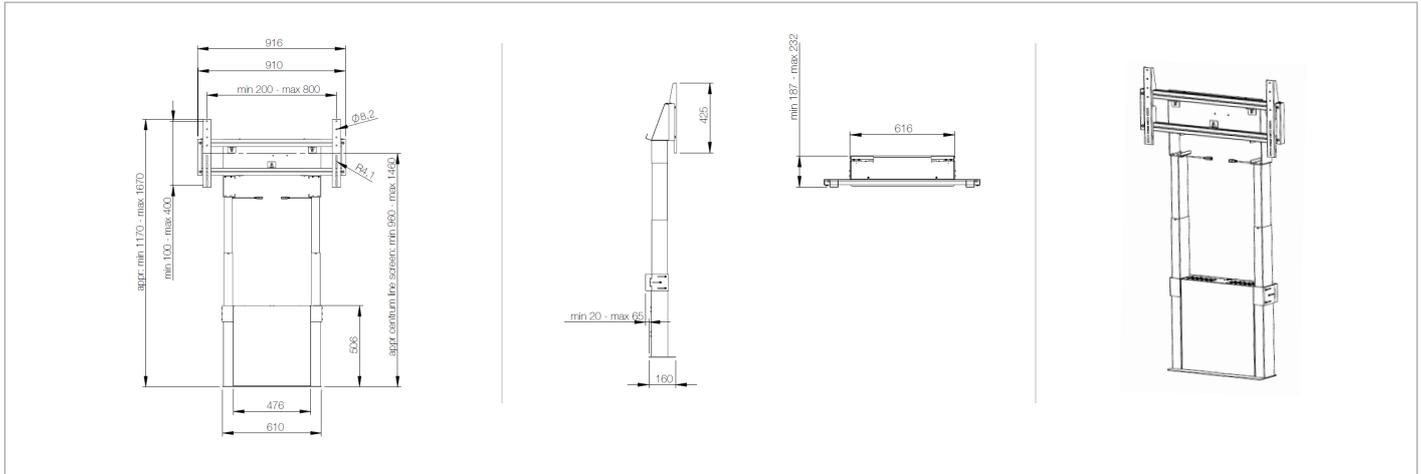

PD02WHA front view

Delivering Genuine Benefits

- Motorised height-adjustment
- Especially designed for usage with touch displays
- Professional cable management inside main body
- Storage space for equipment
- Smart design shifts the weight to the floor (can be mounted even on thin walls)
- Highly preassembled to make installation quick and easy
